Independent Auditors' Report

Board of Directors
Springfield Metropolitan Exposition
and Auditorium Authority
Springfield, Illinois

Opinion

We have audited the accompanying financial statements of the Springfield Metropolitan Exposition and Auditorium Authority (the Authority) as of and for the years ended July 31, 2023 and 2022, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, financial position of the Authority, as of July 31, 2023, and 2022 and the changes in financial position and the cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Authority, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Authority's basic financial statements. The supplementary information listed in the table of contents is presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, these schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

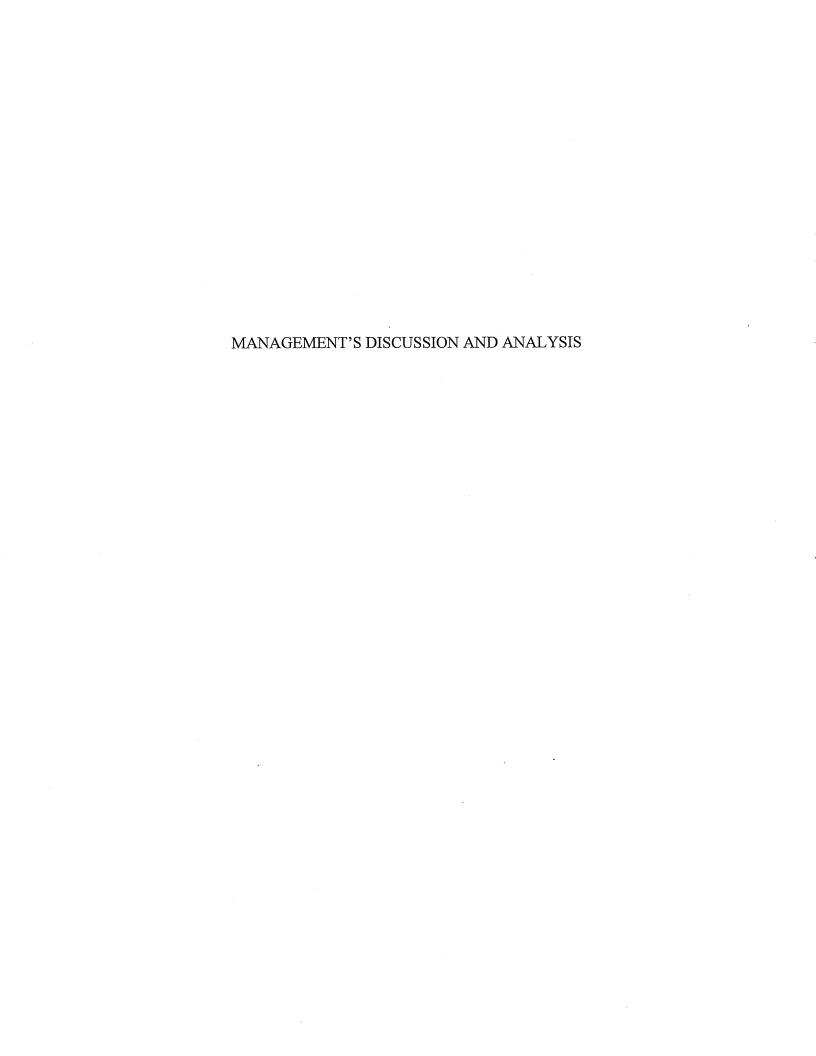

Other Information

Management is responsible for the other information included in the annual financial report. The other information listed in the table of contents is presented for purposes of additional information and is not a required part of the basic financial statements. Our opinion on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

MANAGEMENT'S DISCUSSION AND ANALYSIS

July 31, 2023 and 2022

Management's Discussion and Analysis (MD&A) regarding the Authority's financial statements, which follows, is intended to provide an objective and easily readable analysis of the Authority's financial activities based on facts, decisions and conditions known at the date of the audit report. Readers should consider *Management's Discussion and Analysis*, the *Notes to the Financial Statements* and the *Required Supplementary Information* when reviewing the Authority's financial statements in order to gain a full understanding of the Authority's results of operations and financial position.

FINANCIAL HIGHLIGHTS

Condensed financial information comparing balances at July 31, 2023, 2022 and 2021, and activities for the years then ended are provided below to facilitate analysis of the 2023 and 2022 results of operations.

Net position increased \$1,530,708 to \$19,374,814 and increased \$2,382,975 to \$17,844,106 during the years ended July 31, 2023 and 2022, respectively, as follows:

	<u>2023</u>	<u>2022</u>	<u>2021</u>
Net investment in capital assets Restricted for	\$ 11,600,896	\$ 11,327,899	\$ 11,202,225

ACTIVITIES - Continued

	<u>2023</u> <u>2022</u> <u>2021</u>
Non-Operating Activities Property tax revenues Investment income Interest expense Loss on asset disposal Net non-operating activities	\$ 3,013,604 \$ 2,899,854 \$ 2,015,773 18,032 10,769 10,080 (105,194) (122,342) (185,569)
Change in net position before capital contributions	1,430,708 2,282,975 (190,240)
Capital contributions	100,000100,000100,000
Change in net position	<u>\$ 1,530,708</u> <u>\$ 2,382,975</u> <u>\$ (90,240)</u>

Property tax revenue increased in fiscal year 2023 from the prior fiscal year, because the equalized assessed valuation of property in the tax district was up 5.60%. Property tax revenue increased in fiscal year 2022 from the prior fiscal year, because the equalized assessed valuation of property in the tax district was up by .24% from the prior fiscal year and the tax rate increased 44.4% due to the additional levy for the 2021 General Obligation Refunding Bonds.

Contributed capital from the City of Springfield's hotel/motel taxes remained the same in each year.

Increases in operating revenues and expenses in fiscal year 2023 was due to an increase in successful events held at the Center. Increases in operating revenues and expenses in fiscal year 2022 was primarily due to the Shuttered Venue Operators Grant Funds received.

In fiscal years 2023 and 2022, the Center had an increase in operating revenues of 15.3% and 294.1%, respectively. In fiscal years 2023 and 2022, the parking garage had an increase in operating revenues of 55.0% and 47.4%, respectively.

MANAGEMENT'S DISCUSSION AND ANALYSIS - CONTINUED

July 31, 2023 and 2022

ACTIVITIES - Continued

In fiscal years 2023 and 2022, the Center had an increase in operating expenses of 51.9% and 18.9%, respectively. In fiscal years 2023 and 2022, the parking garage had an increase in operating expenses of 4.9% and 2.3%, respectively.

Interest expense was down in fiscal year 2023 due to the decreasing principal balance. Interest expense was down in fiscal year 2022 due to refunding bonds at lower interest rates along with a full year of bond premium amortization.

USING THE FINANCIAL STATEMENTS

The Authority's financial statements consist of the statement of net position, statement of revenues, expenses and changes in net position, statement of cash flows, and the notes to the financial statements. Pursuant to GASB Statement 34, Paragraph 138, Reporting by Special-purpose Governments Engaged Only in Business-type Activities, the Authority presents only financial statements required for enterprise funds. Further, management's discussion and analysis and required supplementary information are limited to areas appropriate in such circumstances.

Readers should consider Management's Discussion and Analysis and the other Required Supplementary Information when reviewing the Authority's financial statements in order to gain a full understanding of the Authority's results of operations and financial position.

CAPITAL ASSETS

At July 31, 2023, 2022 and 2021, the Authority had approximately \$16.4 million, \$16.7 million and \$17.4 million invested in a broad range of capital assets, including land, building, parking garage, furniture, computers and equipment net of accumulated depreciation at those dates. Increases represent additions to those categories, decreases represent retirements of assets during the year and depreciation recognized for certain assets during the year. The following table shows the net book value of capital assets at the end of the 2023, 2022 and 2021 fiscal years.

MANAGEMENT'S DISCUSSION AND ANALYSIS - CONTINUED

During fiscal years 2023 and 2022, additions of \$ 276 thousand and \$ 161 thousand, respectively, were capitalized. The Authority disposed of no capital assets in fiscal year 2023 and \$ 350 thousand in fiscal year 2022. Depreciation for the years ended July 31, 2023 and 2022 was \$ 655 thousand and \$ 670 thousand, respectively.

Additional information on capital assets may be found in Note E in the Notes to the Financial Statements.

LONG-TERM OBLIGATIONS

At July 31, 2023, 2022 and 2021, the Authority had outstanding long-term debt obligations totaling \$7.10 million, \$7.84 million, and \$8.64 million, respectively. Regular principal and interest payments on the 2021 series revenue bond totaled \$738 thousand and \$925 thousand in fiscal years 2023 and 2022, respectively.

The General Obligation Refunding Bonds, Series 2021, were issued for the purpose of refunding remaining obligations under the 2011 and 2013 bond issues and providing funds for improvements to the BOS Center. Principal and interest payments made from the proceeds of the 2021 issue to refund the 2011 and 2013 bonds totaled \$5.92 million and \$64 thousand, respectively. The remaining \$2.47 million of proceeds are restricted to expenditure on a construction project.

Additional information on long-term obligations may be found in Note J in the Notes to the Financial Statements.

MANAGEMENT'S DISCUSSION AND ANALYSIS - CONTINUED

July 31, 2023 and 2022

ECONOMIC FACTORS

The financial well being of the Authority is tied in large measure to the economy and the property tax base. The Authority operates the Bank of Springfield Center, (BOS Center) which was opened in November 1979 in Downtown Springfield with approximately 62,000 square feet of multifunctional space used for events ranging from conventions and tradeshows to family entertainment such as The Harlem Globetrotters, as well as nationally recognized touring events. The BOS Center is the largest indoor multi-purpose space in the greater Springfield area with two hotels containing over 600 combined housing rooms located next door to the property. A wide variety of restaurants, shopping, and tourist attractions are located all within walking distance of the BOS Center.

The main draws of the BOS Center are conventions and meetings. The BOS Center is a smaller building with approximately 7,000 seats, compared to the over 13,000 seat facilities in the surrounding areas. The BOS Center brings a significant economic impact on the City of Springfield. Most events at the BOS Center are large conventions, which contribute revenues to Springfield hotels, restaurants and retail stores.

CONTACTING THE AUTHORITY'S FINANCIAL MANAGEMENT

While this report is designed to provide full and complete disclosure of the net position, changes in net position and cash flows of the Authority, citizens groups, taxpayers or creditors may need further details. To obtain such details, please contact the Authority at One Convention Center Plaza, Springfield, Illinois 62701, or by calling (217) 788-7800 during regular office hours.

NOTES TO FINANCIAL STATEMENTS

July 31, 2023 and 2022

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Springfield Metropolitan Exposition and Auditorium Authority (the Authority), have been prepared in conformity with accounting principles generally accepted in the United States of America, as applied to government units hereinafter referred to as generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting principles and financial reporting practices. The more significant of the Authority's accounting policies are described below.

1. Reporting Entity

The Authority was created by statute, 70 ILCS 345, as amended by Public Act 90-328. The Authority Board is an elected body which has the responsibility for directing the operation of the Bank of Springfield Center (the Center) and the adjacent Plaza Parking Garage (the Parking Garage).

The Authority receives funding from local and state government sources and must comply with the requirements of these funding source entities. However, since Authority Board members are elected by the public and have decision-making authority, the power to designate management, the ability to significantly influence operations and primary accountability for fiscal matters of the Authority, the Authority is not included in any other governmental reporting entity as defined by GASB.

2. Basis of Presentation

Pursuant to GASB Statement 34, Paragraph 138, Reporting by Special-purpose Governments Engaged Only in Business-type Activities, the Authority presents only financial statements that are required for enterprise funds. Further, management's discussion and analysis and required supplementary information are limited to areas appropriate in such circumstances.

3. Basis of Accounting and Measurement Focus

The economic resources measurement focus and the accrual basis of accounting are used by the Authority, where all assets, liabilities, deferred outflows of resources and deferred inflows of resources associated with the operation of the Authority are included on the statement of net position, revenues are recognized when earned and expenses are recognized when the liability was incurred.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

July 31, 2023 and 2022

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

4. Accounts on the Statement of Net Position

a. Cash and Cash Equivalents

The Authority's policy is to report cash on hand, demand deposits, and short-term investments with original maturities of three months or less as cash and cash equivalents.

b. Investments

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, except for nonnegotiable certificates of deposit, which are reported at cost.

c. Receivables

Accounts receivable are carried at original invoice amount less an estimate for uncollectible accounts, if necessary. Management determines the allowance for uncollectible accounts by reviewing past due accounts, identifying troubled creditors and using historical experience applied to an aging of accounts. Accounts receivable are written off when deemed uncollectible. An account receivable is considered past due if any portion of the receivable balance is outstanding for more than 30 days.

d. Inventories and Prepaid Expenses

Inventories are valued at cost using the first-in/first-out method and consist of items used in the concession activities of the Center. The cost of inventories is recorded as an expense when consumed rather than when purchased. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid expenses in the financial statements. These prepaid items are recorded as expenses when consumed rather than when purchased.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

July 31, 2023 and 2022

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

4. Accounts on the Statement of Net Position - Continued

e. Capital Assets

Capital assets, which include buildings, machinery and equipment, are defined by the Authority as assets with an initial, individual cost of \$1,000 or more and an estimated useful life in excess of one year. Donated capital assets are recorded at fair value at the date of donation.

The costs of normal repairs and maintenance that do not add to the value of the asset or materially extend the life of the asset are not capitalized.

Land and construction in progress are not depreciated. Other capital assets items are depreciated using the straight-line method over the following estimated useful lives:

<u> y ears</u>
10-40
10-25
3-10

f. Accrued Compensated Absences

Eligible employees are granted vacation and sick leave in varying amounts. Vacation and sick leave is awarded on January 1 of each year. Employees may accumulate a maximum of two years of vacation leave and unlimited sick leave, however sick leave is not paid upon termination. Vested or accumulated vacation leave is recorded as an expense and liability as the benefits accrue to employees. Accrued vacation leave is reported within accrued expenses on the statements of net position.

g. Ticket Escrow Payable

Monies received for ticket sales are booked to a ticket escrow payable account until the events occur. After each event, a settlement is prepared. The settlement determines the amount to be paid to the promotor and the amount that the Authority will recognize as revenue.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

July 31, 2023 and 2022

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

4. Accounts on the Statement of Net Position - Continued

h. Unearned Revenues

Unearned revenues represent monies received for sponsorships and grant awards which have not yet been earned.

i. Long-Term Obligations

Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bond issuance costs are expensed as incurred.

j. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period and will not be recognized as an outflow of resources (expense) until then. In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents and acquisition of net assets that applies to a future period and will not be recognized as an inflow of resources (revenue) until then. The Authority recognizes deferred outflows and inflows of resources related to the pension plan and the postemployment health insurance plan (refer to Notes G and H).

k. Net Position

Net position represents the difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any long-term obligations used for acquisition, construction, or improvement of those assets. Net investment in capital assets excludes unspent bond proceeds, if any. Net position is reported as restricted when there are limitations imposed on their use through enabling legislation or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

July 31, 2023 and 2022

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

- 4. Accounts on the Statement of Net Position Continued
- k. Net Position Continued

The Authority first applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

- 5. Revenues and Expenses
- a. Operating Revenues and Expenses

Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the Authority's principal ongoing operations. Principal Center operating revenues are from event services, promoting events, hall, meeting room and equipment rental, catering and concessions. Parking garage operating revenues include monthly, hourly and event parking fees. Operating expenses include salaries and benefits, the cost of sales and services, depreciation, other facilities expenses, and other administrative expenses.

b. Nonoperating Revenues and Expenses

Nonoperating revenues and expenses include property tax revenues, investment income, capital contributions from hotel/motel tax funds, interest expense and other revenues and expenses that do not meet the definitions of operating revenues and expenses above. Property taxes are recognized as revenues in the year for which they are intended to finance.

c. Trade/In-Kind Agreements

As part of doing business, the Authority has entered into trade/in-kind agreements. These agreements primarily provide advertising services to the Authority in exchange for facility rental provided by the Authority to the third parties. The Authority recognizes revenue as services are provided to the third parties and recognizes expenses as the Authority redeems advertising services.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

July 31, 2023 and 2022

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

6. Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

7. Subsequent Events

The Authority has assessed events that have occurred subsequent to July 31, 2023 through December 14, 2023, the date the financial statements were available to be issued, for potential recognition and disclosure in the financial statements. No events have occurred that would require adjustment to or disclosure in the financial statements.

NOTE B - CASH AND INVESTMENTS

Authorized deposits/investments - The Authority is allowed to make deposits of public funds in accounts as authorized by the Public Funds Deposit Act (30 ILCS 225). All of the Authority's deposits were held in accounts authorized by the Public Funds Deposit Act as of July 31, 2023 and 2022.

Custodial credit risk for deposits - Custodial credit risk for deposits is the risk that, in the event of bank failure, the Authority's deposits may not be returned to it. The Authority's investment policy requires 110% collateralization of all deposits in excess of FDIC coverage. At various times during the year, bank balances may exceed the amount insured and collateralized. The Authority did not experience any losses on excess amounts, and believes it is not subject to any significant risk on cash and cash equivalents.

Interest rate risk - Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. In accordance with the Authority's investment policy, the Authority minimizes interest rate risk by structuring their investment portfolio to ensure securities mature to meet cash requirements for ongoing operations. The Authority accomplishes this by investing primarily in short-term securities, money market mutual funds, or similar investment pools, limiting the weighted average maturity of the portfolio to no more than two years, and limiting the maximum maturity of any investment to three years from the date of purchase, unless matched to a specific future cash flow need.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

July 31, 2023 and 2022

NOTE B - CASH AND INVESTMENTS - Continued

Credit risk - Credit risk is the risk that an entity in which an investment is held will not be able to honor the commitment to repay debt that is held as an investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. In accordance with the Authority's investment policy, the Authority's minimizes credit risk by limiting investments to U.S. government obligations, U.S. government agency obligations, and U.S. government instrumentally obligations, which have a liquid market with a readily determinable market value and are rated A or better; certificates of deposit and other evidences of deposit at financial institutions, bankers' acceptances, and commercial paper, rated in the three highest tiers (e.g. A-1, P-1, F-1); investment-grade obligations rated A or better; money market mutual funds regulated by the Securities and Exchange Commission and whose portfolios consist only of dollar-denominated securities; and local government investment pools.

Concentration of credit risk - Concentration of credit risk is the risk of loss resulting from the concentration of assets in a specific maturity, a specific issuer, or a specific class of securities. In accordance with the Authority's investment policy, the Authority minimizes concentration of credit risk by limiting investments in any one investment to 10% of the portfolio, limiting investments in securities with higher credit risks, investing in securities with varying maturities, and continuously investing a portion of the portfolio in readily available funds.

Custodial credit risk for investments - Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to the investment, the Authority will not be able to recover the value of its investments that are in the possession of an outside party. To limit its exposure, the Authority's investment policy requires securities be held by a third-party custodian separate from where the investment was purchased.

Fair value hierarchy - The Authority categorizes its fair value measurements within the fair value established by generally accepted accounting principles. The hierarchy of inputs are used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 are significant unobservable inputs. As of July 31, 2023 and 2022, the Authority did not hold any investments subject to fair value measurement.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

July 31, 2023 and 2022

NOTE C - TRADE RECEIVABLES

Trade receivables are comprised of the following as of July 31:

		<u>2022</u>	
Center operations Parking garage operations	\$	133,065 32,205	\$ 200,539 14,527
Trade receivables	<u>\$</u>	165,270	\$ 215,066

Management has evaluated the collectability and considers all trade receivables to be fully collectible at July 31, 2023 and 2022. Accordingly, no allowance for uncollectible accounts is considered necessary.

NOTE D - PROPERTY TAXES

The Authority's property taxes are levied each calendar year on all taxable real property located in the Authority's boundaries. The levy becomes an enforceable lien against the property as of the preceding January 1. These taxes become due and collectible in the following calendar year and are collected by the county collector who, in turn, remits to the Authority its respective share. Collection due dates for Sangamon County property taxes are in June and September and disbursements to the Authority are normally made within 30 days of collection.

Property taxes are recognized as revenue in the year they are intended to finance, regardless of when collected. The 2022 tax levy is intended to finance the 2023 fiscal year and, accordingly, is reported as revenue in fiscal year 2023. The 2023 tax levy was not recorded as receivable at July 31, 2023, because although the tax attached as a lien on the property January 1, 2023, the levy was not made, so the amount was not measurable.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

July 31, 2023 and 2022

NOTE D - PROPERTY TAXES - Continued

Tax rate limits are set by Illinois statute. Following are the tax rates permitted and the actual rates levied by the Authority per \$ 100 of assessed valuation:

Purpose	<u>Limit</u>	22 Levy Actual		21 Levy ctual

NOTE G - PENSION OBLIGATIONS

IMRF Plan Description

The Authority's defined benefit pension plan for regular employees provides retirement and disability benefits, post retirement increases, and death benefits to plan members and beneficiaries. The employer plan is affiliated with the Illinois Municipal Retirement Fund (IMRF), an agent multi-employer plan. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information for the plan as whole, but not for individual employers. That report may be obtained online at www.imrf.org.

Plan Administration

All employees hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members.

The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

July 31, 2023 and 2022

NOTE G - PENSION OBLIGATIONS - Continued

Employees Covered by Benefit Terms

At December 31, employee membership in the IMRF plan consisted of:

	<u>2022</u>	<u>2021</u>
Retirees and beneficiaries currently receiving benefits	22	22
Inactive, non-retired members	51	51
Active plan members	25	18
Total	<u>98</u>	<u>91</u>

Benefits Provided

IMRF provides two tiers of pension benefits. Employees hired prior to January 1, 2011, are eligible for Tier 1 benefits. For Tier 1 employees, pension benefits vest after eight years of service. Participating members who retire at age 55 (reduced benefits) or after age 60 (full benefits) with eight years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1 2/3% of their final rate of earnings, for each year of credited service up to 15 years, and 2% for each year thereafter.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating members who retire at age 62 (reduced benefits) or after age 67 (full benefits) with ten years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1 2/3% of their final rate of earnings, for each year of credited service up to 15 years, and 2% for each year thereafter.

Contributions

As set by statute, the Authority's regular plan members are required to contribute 4.50% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The employer annual required contribution rate for calendar years 2022 and 2021 was 3.53% and 8.35%, respectively. The employer also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute. For the fiscal years ended July 31, 2023 and 2022, the Authority contributed \$ 37,889 and \$ 44,262 to the plan, respectively.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

July 31, 2023 and 2022

NOTE G - PENSION OBLIGATIONS - Continued

Net Pension Liability (Asset)

The Authority's net pension liability (asset) was measured as of December 31. The total pension liability used to calculate the net pension liability (asset) was determined by an actuarial valuation as of that date using the following actuarial methods and assumptions.

Methods and Assumptions Used to Determine Total Pension Liability

Actuarial valuation date	December 31, 2022	December 31, 2021
Actuarial cost method	Entry Age Normal	Entry Age Normal
Asset valuation method	Market Value	Market Value
Price Inflation	2.25%	2.25%
Salary increases	2.85% to 13.75%	2.85% to 13.75%
Investment rate of return	7.25%	7.25%

Retirement Age - Experience-based table of rates that are specific to the type of eligibility condition. Last updated for the 2020 valuation pursuant to an experience study of the period 2017-2019.

Mortality - For non-disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

July 31, 2023 and 2022

NOTE G - PENSION OBLIGATIONS - Continued

Single Discount Rate

A Single Discount Rate of 7.25% was used to measure the total pension liability as of December 31, 2022 and 2021. The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rate reflects (1) the long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits) and (2) the tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for used with the long-term expected rate of return are not met).

For the purpose of the December 31, 2022 valuation, the expected rate of return on pension plan investments is 7.25%, the municipal bond rate is 4.05%, and the resulting single discount rate is 7.25%. For the purpose of the December 31, 2021 valuation, the expected rate of return on pension plan investments is 7.25%, the municipal bond rate is 1.84%, and the resulting single discount rate is 7.25%.

<u>Pension Income, Deferred Outflows of Resources and Deferred Inflows of Resources - Continued</u>

Amounts reported by the Authority as deferred outflows of resources and deferred inflows of resources as of July 31, 2023 and 2022, include amounts based on reports from IMRF related to projected plan obligations and investment income as of the plan measurement dates of December 31, 2022 and 2021, respectively. Those amounts at December 31 were, or are projected to be, recognized in pension expense as follows:

2022			20	2021					
	Ne	t Deferred		Ne	et Deferred				
Year Ending	Ir	ıflows of	Year Ending	O	utflows of				
December 31,	<u>R</u>	esources	December 31,	<u>R</u>	Resources

NOTE G - PENSION OBLIGATIONS - Continued

Discount Rate Sensitivity

The following is a sensitivity analysis of the net pension liability (asset) to changes in the discount rate. The table below presents the net pension liability (asset) of the Authority calculated using the discount rate of 7.25% for December 31, 2022 and 2021, as well as what the Authority's net pension liability (asset) would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rate:

	<u>1% Lower</u>		Rate in Effect		1% Higher
Net pension liability (asset):					
December 31, 2022	\$	889,130	\$	207,344	\$ (331,397)
December 31, 2021	\$	(346,310)	\$ (1,067,526)	\$ (1,632,794)

NOTE H - POSTEMPLOYMENT HEALTH INSURANCE PLAN

The Authority recognizes the importance of available and affordable health insurance for its employees as they retire from employment. In 2004, the Authority adopted a postemployment health insurance plan that pays a portion of health insurance premium costs for retired employees who meet plan qualifications. The Authority follows guidance of Governmental Accounting Standards Board (GASB) Statement 75, Accounting and Financial Reporting for Postemployment Benefits Other than Pensions, which prescribes accounting, reporting and disclosures for the Authority's postemployment health insurance plan.

Plan Description

The Authority's Postemployment Health Insurance Plan is a single-employer, defined benefit plan. Benefits are paid monthly in an amount equal to the lesser of \$ 300 per month, or the monthly cost of individual premiums for health insurance for qualified retirees. Retirees qualify by having been employed by the Authority 15 years or more, who retire upon leaving employment and who wish to continue to be insured under the Authority's employer sponsored health insurance plan.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

July 31, 2023 and 2022

NOTE H - POSTEMPLOYMENT HEALTH INSURANCE PLAN - Continued

Plan Description - Continued

The plan was implemented by action of the Board of Directors in 2004 and may be amended or terminated by action of the Board. No contributions are made by employees or the employer to fund a reserve for payment of benefits. Accordingly, there are no assets accumulated in a GASB-compliant trust. Premiums for retiree benefits are paid from operating funds when due. Since benefits are unfunded, no separate financial statements are prepared for the plan.

Members

All employees of the Authority are eligible to participate in the plan, and all retirees meeting the qualifications receive the same level of benefits. There is no provision for cost of living adjustments to benefits. At July 31, participants in the plan were as follows:

	<u>2023</u>	<u>2022</u>
Inactive employees currently receiving benefits	1	2
Inactive employees entitled to but not yet receiving benefits	_	-
Active employees	<u> </u>	17
Total participants	<u>17</u>	19

Total Plan Liability

The Authority's liability for the postemployment health insurance plan totaled \$270,302 and \$253,497, respectively, as of July 31, 2023 and 2022, and was determined by an actuarial valuation as described below.

Methods and Assumptions Used to Determine Total Plan Liability

Since the plan is a single-employer plan with fewer than 100 members, the plan's actuarial accrued liability at July 31 is estimated using an "Alternative Measurement Method" (AMM), as provided for under provisions of GASB Statement 75.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

July 31, 2023 and 2022

NOTE H - POSTEMPLOYMENT HEALTH INSURANCE PLAN - Continued

Methods and Assumptions Used to Determine Total Plan Liability - Continued

The Authority's total plan liability at July 31, 2023, was determined by an actuarial valuation with a measurement date of July 31, 2023. The Authority's total plan liability at July 31, 2022, was determined by an actuarial valuation with a measurement date of July 31, 2021, and the liability was rolled forward by the actuary to July 31, 2022, using updating procedures and discount rates, as noted below. The following actuarial methods and assumptions and other inputs were applied to all periods included in the measurement unless otherwise specified.

Fiscal year end Actuarial cost method Asset valuation method	July 31, 2023 Entry Age Normal Market Value	July 31, 2022 Entry Age Normal Market Value
Assumptions		
Salary increases	4.00%	4.00%
Discount rate	4.21%	3.84%
Price inflation	3.00%	3.00%
Health care trend	4.50% to 8.00%	4.50 to 7.50%
	4.50% Ultimate Rate	4.50% Ultimate Rate

Mortality rates were based on the RP2014 Combined Annuitant Mortality Table for males and females. The Mortality Table reflects recent rates developed by the Society of Actuaries.

The discount rate was based on an index rate for 20-year, tax exempt general obligation municipal bonds with an average rating AA/Aa or higher as of July 31, 2023 and 2022.

The results are estimates based on assumptions about future events. Assumptions may be made about participant data or other factors. All approximations and assumptions are noted. Reasonable efforts were made in the valuation to ensure that significant items in the context of the actuarial liabilities or costs are treated appropriately, and not excluded or included inappropriately. Actual future experience will differ from the assumptions used. As these differences arise, the expense for accounting purposes will be adjusted in future valuations to reflect such actual experience.

NOTE I - RISK MANAGEMENT

The Authority is exposed to various risks of loss related to theft of, damage to and destruction of assets; errors and omissions; injuries to employees; employee health, and natural disasters. These risks are covered by insurance purchased from independent third parties. Settled claims from these risks have not exceeded commercial insurance coverage during the fiscal year or the prior three fiscal years.

NOTE J - LONG-TERM OBLIGATIONS

Changes in Long-Term Obligations

A summary of changes in long-term obligations for the years ended July 31, 2023 and 2022 were as follows:

	Balance July 31, 2022	Additions	Retirements	Balance July 31, 2023	Due Within One Year
2021 Bond Series Premium	\$ 7,305,000 536,517	\$ - -	\$ (640,000) <u>(97,880)</u>	\$ 6,665,000 438,637	\$ 655,000
	<u>\$ 7,841,517</u>	\$	\$ (737,880)	<u>\$ 7,103,637</u>	<u>\$ 655,000</u>
	Balance July 31, 2021	<u>Additions</u>	Retirements	Balance July 31, 2022	Due Within One Year
2021 Bond Series Premium	\$ 8,000,000 <u>643,750</u>		\$ (695,000) (107,233)	\$ 7,305,000 536,517	\$ 640,000
	<u>\$ 8,643,750</u>	<u>\$</u>	<u>\$ (802,233)</u>	<u>\$ 7,841,517</u>	\$ 640,000

The Authority issued \$8,000,000 of General Obligation Refunding Bonds, Series 2021 in fiscal year 2021 for the purpose of advance refunding obligations under its Series 2011 and 2013 bond issues, as well as paying the costs to acquire and construct certain renovations, upgrades and improvements to the interior and exterior of the Convention Center and its adjacent garage. Principal and interest paid from the proceeds on the refunded bonds and costs of the refunding totaled \$5,916,357, \$63,637, and \$216,905, respectively. The remaining proceeds, of \$2,465,535 are being used to finance the capital improvements. Principal payments ranging from \$640,000 and \$830,000 are due each December 1 from 2021 to 2031. Interest at a fixed rate of 3.0% is due semi-annually in June and December. The proceeds from the sale of the bonds exceeded the face value by \$662,434. This premium was added to the carrying value of the bonds and will be amortized to reduce interest expense over the life of the bonds using the effective interest rate method.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

July 31, 2023 and 2022

NOTE J - LONG-TERM OBLIGATIONS - Continued

Changes in Long-Term Obligations - Continued

The General Obligation Refunding Bonds are payable from revenues of any kind derived by the Authority such as catering, concessions, parking garage, rental activities, property taxes, investment income, and hotel-motel taxes received from the City of Springfield pursuant to an intergovernmental agreement.

Interest costs incurred by the Authority on the long-term obligations during fiscal year 2023 and 2022, were:

		<u>2023</u>	<u>2022</u>
Interest costs Amortization of bond premium	\$	203,074 (97,880)	\$ 229,575 (107,233)
	<u>\$</u>	105,194	\$ 122,342

Bond Debt Service Requirements

The annual amounts required to pay all principal and interest on bonds outstanding as of July 31, 2023 were projected to be as follows:

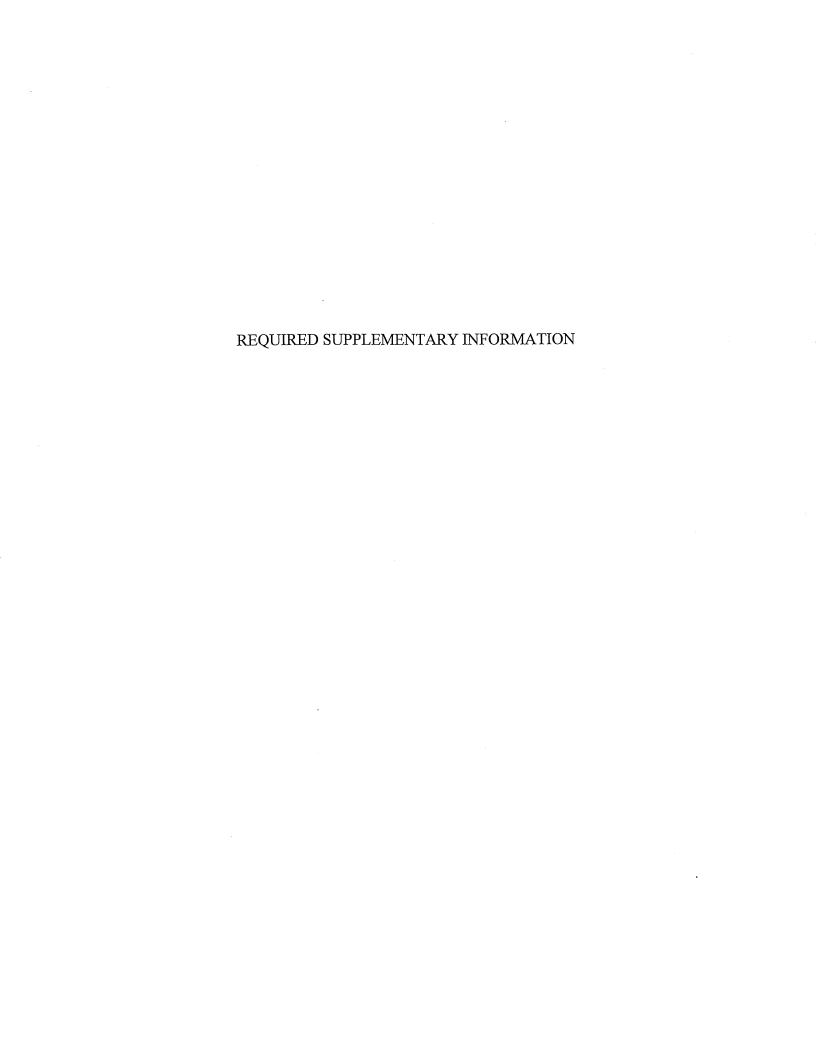

Year ending July 31,]	Principal Principal		<u>Interest</u>		<u>Total</u>
2024	\$	655,000	\$	190,125	\$	845,125
2025		675,000		170,175		845,175

2029-2033	-	3,180,000		194,230		3,374,230
Total	\$	6,665,000	<u>\$</u>	939,075	<u>\$</u>	7,604,075

NOTES TO FINANCIAL STATEMENTS - CONTINUED

July 31, 2023 and 2022

NOTE K - CONTINGENCIES

The Authority is contingently liable with respect to lawsuits and other claims arising in the ordinary course of its operations. The settlement of such contingencies under the budgetary process would require appropriation of revenues yet to be realized and, in the opinion of management, would not materially affect the financial position of the Authority at July 31, 2023 and 2022.

Measurement Date December 31,	Plan fiduciary net position as a percentage of the total pension liability (asset)	Covered-employee payroll	Employer's net pension liability (asset) as percentage of coveredemployee payroll

Year Ended December 31, 2022 - Changes in assumptions related to price inflation, salary increases, retirement age, mortality and municipal bond rate were made since the prior measurement date. Price inflation remained constant at 2.25% and salary increases remained constant at 2.85% to 13.75%. Retirement age assumptions used were from the 2020 valuation pursuant to an experience study of the period 2017-2019. In addition, the municipal bond rate increased from 1.84% to 4.05%.

Ultimately, this schedule should present information for the last ten years. However, until ten years of information can be compiled, information should be presented for as many years as is available.

NOTES TO SUPPLEMENTARY INFORMATION

July 31, 2023

A. Budgetary Controls and Fund Accounting

For internal financial reporting purposes, the Authority uses Fund Accounting. A fund is a self-balancing group of accounts, used to maintain control over resources segregated for specific activities or objectives, or to help ensure and demonstrate compliance with fiscal legal requirements. The Authority adopts annual budgets for the Operating, Parking Garage, General, Insurance, Illinois Municipal Retirement (IMRF) and Audit funds. The Construction, Renovation Bond Payout and Bond and Interest funds do not have appropriated budgets since other means control the use of these resources and they span a period of more than one fiscal year.

The budgeting process involves the General Manager submitting a proposed budget to the Authority Board prior to the beginning of the fiscal year, which includes proposed expenditures and the means to finance them. A public hearing is held to obtain taxpayer comments, which may result in changes in budget appropriation amounts, but the form of the budget may not be changed. Prior to October 31, the budget is adopted by resolution of the Board.

Budgetary integration into the internal financial reporting process is used as a management control during the year. The Authority Board may make transfers between budgeted items in a fund not exceeding 10% of the aggregate budgeted amount in the fund. The Board may further amend the budget using the same procedures required for its original adoption.

Appropriations in all budgeted funds lapse at the end of the fiscal year, even if they have related encumbrances. Encumbrances are commitments related to unperformed contracts for goods and services (i.e. purchase orders, contracts, and commitments). While all appropriations and encumbrances lapse at year end, valid outstanding encumbrances (those for which performance under the contract is expected in the next year) are re-appropriated and become part of the subsequent year's budget pursuant to state regulations.
